Notes for Westminster Memorial Park:

1. Dates of Survey: October 3, 2004 and September 10, 2006

2. Disregard any previous coordinate values from the October 3, 2004 survey that used a handheld Global Positioning System (GPS) unit.

Notes for Westminster Memorial Park Continued:

3. Datum: NAD83. Latitude and Longitude coordinates are in Degrees-Minutes-Seconds (DMS) format, +/- 1.00 feet of the grave location. Because of the high degree of accuracy of these coordinates, your handheld GPS receiver may not accept the full coordinate value listed here. Round up or down the "seconds" value to store the coordinates. The aerial photomap I compiled makes it pretty simple that you can really just walk to these graves by using the location map that was created.

4. Dr. Alfred Q. Brown was buried at Westminster Memorial Park (called Central Memorial Park at that time) after his death on April 22, 1933 in Laguna Beach. His body was later removed from the cemetery. It is unknown where his body was removed to. Alfred served in Company H of the 11th Michigan and he was discharged with the rank of Corporal.

5. I like to knowledge and express my personal appreciation to Glen Roosevelt of the Sons of Union Veterans of the Civil War, Generals Sedgwick-Granger, Camp #17 who helped me complete this project.
